

Public Health-Informed Safety Measures for Interfraternity and Panhellenic Chapters

(Approved September 2, 2020)

Members of Interfraternity & Panhellenic chapters are expected to comply with health and safety laws, orders, ordinances, regulations or health and safety guidance adopted by the University (e.g. [Public Health-Informed Safety Measures for Recognized Student Organizations](#)) as it relates to public health crises, including COVID-19, where failure to do so may result in public health risk. This guidance will evolve as the public health crisis evolves and may include, but is not limited to, social distancing, mandatory COVID-19 testing, de-densifying efforts, limitations on mass gatherings, wearing a face covering, contact tracing, and quarantine / isolation requirements. The following behaviours contradict the values of the Fraternity & Sorority Life community and are subject to action under the Greek Activities Review Panel process.

- A. Failure to comply with the public health guidance adopted by the U-M as it relates to face coverings, which is subject to change and which is currently located at: <http://ehs.umich.edu/wp-content/uploads/2020/07/U-M-Face-Covering-Policy-for-COVID-19.pdf>
- B. Failure to participate in and maintain isolation and/or quarantine, as instructed by a health care provider or public health officials, which may include U-M Environmental Health and Safety.
- C. Hosting or attending a social gathering that fails to comply with the limits set by any state or local law or University policy. These limits include event capacity limits, face covering requirements, and social distancing requirements; these updated restrictions are located at: <https://www.washtenaw.org/3103/Safer-at-Home-Order-Info>. This provision does not preclude constitutionally protected activity, such as protesting, or individuals who may be residing together in a single household.
